Avocado Soy Unsaponifiables [®]	300 mg	**
SierraSil [®]	600 mg	**
§ iron (from SierraSil)	1.1 mg	
**Daily Value		**Daily Value not established

Other ingredients: Microcrystalline cellulose, maltodextrin, croscarmellose sodium, silicon dioxide, stearic acid, hydroxypropylmethylcellulose, hydroxypropyl cellulose, magnesium stearate, polyethylene glycol.

ASU w/SierraSil Found To Be Best Natural Treatment for Severe Osteoarthritis

Dr. Theodosakis, author of the best-selling book “The Arthritis Cure”, recommends that arthritis sufferers use ASU supplementation as one of the first-line of treatments, due to its long-term effectiveness and safety trials. He has in fact found ASU to be the only oral plant-based treatment that has been shown to help people with severe osteoarthritis. This coupled with SierraSil (the optimal dose being 600 mg), shown to build cartilage formation and repair, has proven to be, in his clinical work, the most effective treatment for a broad range of joint problems. SierraSil can slow cartilage breakdown, stimulate the growth of new cartilage cells, and also ease the pain and swelling.

Clinical Studies

ASU has substantial basic science (laboratory and animal) and clinical (human) research evidence, and a long history of safe, effective use. ASU has been investigated in the treatment of connective tissues, including osteoarthritis and was first reported to increase collagen synthesis in rabbits. A later study in humans showed ASU could help repair mechanisms in articular cartilage and could prevent cartilage degradation. The joint damage in osteoarthritis involves damage to the cartilage that protects the ends of the bones, and helps keep joints moving smoothly. The main theory is that ASU is able to affect the development and repair of cartilage.

Provides Relief and Health Benefits For A Wide Range of Consumers

Joint health is one of the most studied areas in natural health care and one of the most active product categories that drives customers into health supplement stores. Not only the elderly suffer from joint problems; younger athletes and sports enthusiasts become prone to an earlier onset of joint degeneration, notably in the knees, back, shoulders, elbows and hips. ASU provides a safe and highly effective answer for people of all ages, and given its benefits of being a natural vegetable extract, is beneficial for the entire body as well.

ASU300 with SierraSil

UPC: 8-00326-50007-5

Size: 60 Tablets

Bottles per case: 12

Bottle dimensions: 2" x 2" x 4 1/4"

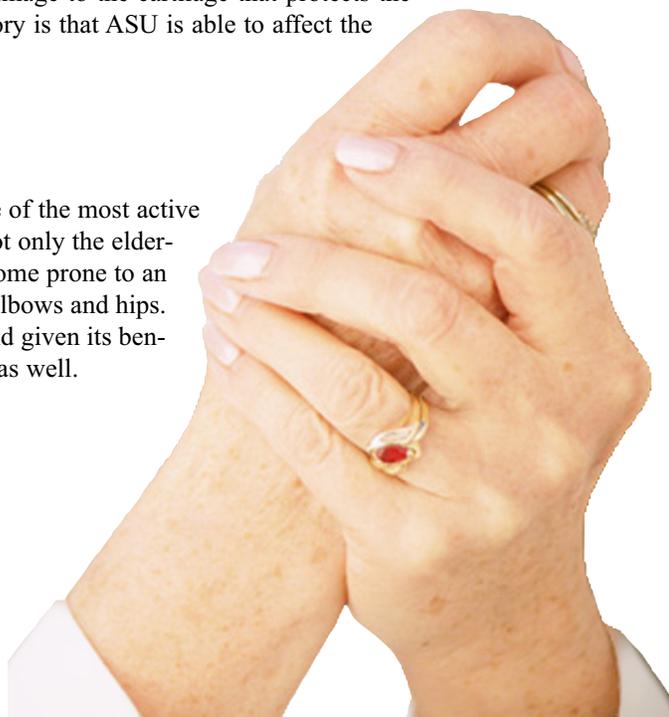

Case dimensions: 5 1/2" x 7 1/4" x 9"

Weight per case: 2.0 lbs

MSRP: \$29.99
